

Whatever Chucky Instructions

Originally designed to hold pens between centers for sanding, touching up, finishing, etc.
During testing we found many other workpiece holding uses such as the following.

Spatulas (Spatula Chucky required)

Boxes and Lids

Birdhouse Ornaments

Goblets and Shot Glasses

Tree Ornaments

Of course we are sure you will find many other uses.

There are four different Whatever Chucky configurations from which you can choose
which best fits your workpiece.

While you can mount one of them in a Scroll Chuck, we highly recommend the
Optional Chucky MT2 Arbor (if you already have one; you can use that) for mounting in the
headstock – it is simply safer than getting your paws near a spinning Scroll Chuck!

Mount the other Whatever Chucky on your Live Center (with removable cone) and center your
workpiece between the Chuckies.

**Please read all product use, descriptions and instructions or recommendations.
The safe use of this product is entirely the responsibility of the purchaser. If you do not agree with this,
please return the Rubber Chucky product immediately for a full refund. Your use of this product will
constitute your agreement to your responsibility.**
